**Introduction**

Chemistry Conference is an annual event which is jointly hosted by the Chemistry Division, Pakistan Institute of Nuclear Sciences and Technology (PINSTECH), NCC, CPC, UML and Pakistan Institute of Engineering and Applied Sciences (PIEAS).

The 14<sup>th</sup> Chemistry Conference on “Chemistry in Engineering and Life Sciences”, 15 – 17 April, 2025 (CELS-2025) provides a platform to scientists, academics, students and researchers from various research institutes of PAEC and other SPD organizations to share their latest research in the fields of chemistry, chemical engineering, chemical processes and life sciences. Chemistry in Engineering and Life Sciences covers all technological aspects of industrial, environmental, plant and food, bio-technology, including new emerging fields of interest i.e. green chemistry, nano-technology, biotechnology and bio-energy. The objectives of CELS-2025 is to provide a forum for scientists, engineers, medical doctors, academicians and research scholars to present their research on current and new scientific developments; to provide insight into existing knowledge and exchange new ideas and experiences. This will help establish research partners for future collaborations and provide inspiration to students and young scientists.

The programme of CELS-2025 will include invited and keynote lectures delivered by experts in their fields.

Chemistry Conference is open to all SPD organizations and participants from public sector universities.

Topics of interest for submission of abstracts include, but are not limited to:

**Chemistry:**

- Analytical Chemistry
- Environmental Chemistry
- Forensic Chemistry
- Inorganic Chemistry
- Organic Chemistry
- Polymer Chemistry
- Adsorption/ Extraction Methodologies

**Natural Sciences:**

- Physical Sciences
- Biological Sciences
- Theoretical & Computational Chemistry
- Nano-technology

**Engineering:**

- Chemical Engineering
- Material Engineering
- Process Engineering

**Life Sciences:**

- Medicinal Chemistry
- Biomedical Engineering
- Chemical Biology
- Food Processing Technologies & Engineering
- Pharmacy

**How to Apply**
